Dear Sponsor,

The Umbrella Club of Fairfield County is pleased to announce our Seventh Annual Beach Party: "Endless Summer on the Sound" to benefit the Stamford Museum & Nature Center's new Environmental Education Farmhouse and Observatory campaign. Proceeds from the Endless Summer event will go towards expanded children's wellness programming along with Americans with Disabilities Act (ADA) access to facilities.

The Stamford Museum and Nature Center's "Aligned-with-the-Schools" and "After School" programs serve nearly 44,000 school children in 144 schools throughout our region including every Stamford Public School with a focus on under-served Title 1 youth. The Stamford Museum & Nature Center's new Environmental Education Farmhouse and Observatory will provide expanded, enriched program opportunities in life-long learning and wellness lifestyles for our youth. ADA access will open up these opportunities to children who may not have had access before due to physical disabilities.

The Umbrella Club will be donating 100% of the net proceeds to the Stamford Museum and Nature Center as part of a \$150,000 capital gift established this year. We have several opportunities for your company to participate in and receive special recognition. Many of you have been sponsors for our past events and for that we are truly grateful, we hope you will consider doing so again. For our new sponsors, we ask that you consider participating and donating to this worthwhile cause and event. If your company has a matching gift program, please take advantage of it as it is an excellent way to increase your sponsorship level.

The Umbrella Club is a special volunteer organization dedicated to assisting children who are in need of a quiet helping hand. Since its inception some thirty years ago, we have provided over \$2,500,000 in funding to support our mission of compassion and support to families, like-minded groups and, particularly, children in need. We thank you for your continued support and generosity.

Sincerely,
